

Plural nouns

Name: _____

Date: _____

Playing Fortnite

Max and his friends love playing Fortnite. They meet every afternoon to play it together. They sit in front of the computer and put on their headsets. They choose their avatars and start playing. First, they jump from the plane onto the island. Then, they search for weapons and resources. They build their fortresses to protect themselves from their enemies. They laugh and talk while they play. Max's mom calls out, "Dinner's ready!" They quickly finish their game and log off. They can't wait to play again tomorrow. Playing Fortnite with friends is the best.
